COURSES OFFERED

*Each course offered is a taught by a combination of DVD and live teaching.
All courses are fully accredited through Victory Bible Institute, based in
Tulsa, Oklahoma.*

Laws of Leadership	This course is about influence! Influence is that uncanny ability that causes people to buy into and follow a person of vision. You will learn the irrefutable laws that govern the influence of a leader and how to apply them.
Identity In Christ	Identity in Christ (aka "New Creation Realities") is an unveiling of who we are in Christ today; of what He says we are; and what He has made us to be in His great redemptive work. Though we live in this world, we are no longer of this world. It is imperative for us to know what the new reality is for us as believers.
Principles of Prayer	This course is designed to give the student the foundational teaching for an effective prayer life. Not only will you learn the "how to" of prayer by precept, but also by examples and practice.
Righteousness	This course is a study of God's revelation of righteousness to the church. The message of righteousness runs throughout the Bible; from the creation of man to the Second Coming of Jesus Christ. This course provides a biblical basis for victorious, triumphant and joyful life for the believer.
Authority of the Believer	This course is designed to bring the student into a fuller understanding of the believer's authority in Jesus Christ. The believer's personal structures of authority, as compared to the authority of the church, will be discussed relative to the times in which we now live.
Spiritual Discernment	This course is designed to equip the believer in walking in the Spirit, ministering in and by the Spirit with God's authority, and to help fine tune the believer's spiritual discernment. There is a need to guard our lives and the flock of God in this day.
Divine Healing	This course is designed so that the student can know from the study of God's Word that God not only is able to heal but He wants to heal us. This course also instructs on the different ways God uses to heal and how the student can minister healing to others.
